HB 6616 - An Act Concerning the Expansion Of Husky Health Benefits To Those
Ineligible Due To Immigration Status.

Dear Connecticut Human Services Committee Chairs and Members:

My name is Estela Jimenez, I am married, and have 1 daughters and 2 sons, I am a Domestic Worker, and I am a member of the organization Comunidades Sin Fronteras and Recovery for All, who fight for the rights of workers and immigrants in Connecticut.

I support HB 6616: a bill to expand Husky health benefits for those who are ineligible due to their immigration status.

My health is deteriorating more and more, I have a lump in my thyroid, and the doctor says that I have to have an operation because I don't have health insurance, that operation is postponed every year, now the doctor told me that the lump is not When I have grown, I do not need surgery, I am powerless to see that my life does not matter, for this health system that only sees if you can pay for your operation and does not count human life, my youngest my son has a disability, my suffering is double, because who will take care of my son if something happens to me, I have also had depression due to my state of health.

The 57% of CT voters support the Husky for all immigrants

I support the bill HB 6616, you are parents, and I hope that by listening to our stories, our harsh reality in which we live as undocumented immigrants, you will make the decision in favor of our families, granting Health Insurance for ALL.

Support and fund Husky for EVERYONE, regardless of immigration status.

Thank you for listening to our voices.
